

Merry Christmas Andrew.

Christmas Eve was always our father Andrews very special day. Our Mom & Dad passed on to all of the family the beauty of this day. We have never missed making babalki, poppy seed rolls , etc. I remember sitting around Grandpa & Grandma's large dining room table on Sheridan in Detroit, eating babalki, cracking nuts ,and of course Kolachi etc. starting our very special tradition that has been kept up with joy ever since. We hope and pray that you, Andrew, will finally be part of this soon.

All of our Love to,

Lowell & Viv
